

June 1, 2015

Dear

I have included below detailed results of your assessment in Critical Care Ultrasound at the New York Simulation Center for the Health Sciences. Performance on the technical skills tasks were graded as follows: *proficient (all steps performed correctly), competent with areas for improvement (task completed satisfactorily, but certain steps not done correctly) and competence not achieved (does not complete task satisfactorily)*. I hope that these results will help to inform your practice and further training.

Name:

Date of assessment: May 22, 2015

1. Cognitive Skills Score: 36/40 (90%)

Mean score, all fellows: 84.4% (SD 6.1)

2. Technical Skills Performance:

a. Safe-site for IJ Access: *Proficient*

Areas for improvement: N/A

b. DVT Study: *Competence not achieved*

Areas for improvement:

Review all deep venous anatomy (including common femoral, greater saphenous, superficial femoral, deep femoral and popliteal veins)

Compress at all junction points

Compress along entire length of SFV

c. Pleural Ultrasound: *Proficient*

Areas for improvement: N/A

d. Echocardiogram (PSLA/PSSA): *Proficient*

Areas for improvement: N/A

Thank you for your participation!

Sincerely,

Paru Patrawalla, MD

Assistant Professor of Medicine

Assistant Program Director, Division of Pulmonary, Critical Care & Sleep Medicine
